Sir,

I am directed to forward a copy of a letter from H.Q., 25 Ind. My dear Egerton,

It is proposed to train troops in jungle warfare in the Wynaad and the adjoining part of the Nilgiris District, just over the Mysore boundary. Would it matter if by accident, or from the exigencies of the moment, the operations overstepped the boundary for a mile or two? This is always possible in such operation, though it will be avoided as far as possible, and we are anxious not to cause offence.

2. As the training has to be finished before the rains the question is very urgent and I would be grateful for a very early reply.

Yours sincerely,

WD 15/4/43

Dear Sir,

Subject:- Training of troops in jungle warfare in the Wynad and adjoining parts of the Nilgiris District.

With reference to your letter No. 3906-907/W dated 10th April 1943 on the above subject, I write to state that I enquired the Game Supervisor and the Sub-Division Officer, Nanjangud, at Gundlupet during my recent camp; and learnt that the areas of Mysore boundary adjoining Wynad and Nilgiris Districts are game preserves and any over-stepping of this frontier would disturb the forest and consequently there is every likelihood of the game being scared away. Under the circumstances I am not in favour of allowing the British troops to over-step the Mysore boundary to any distance, not to speak of a mile or two. I have enclosed herein for favour of perusal a rough sketch of the game preserves area adjoining the Nilgiris and Wynad Forests.

Yours Sincerely,

C. Narayanaswami Naidu, Esq., B.A., B.L.,

Sub: Training troops in Jungle Warfare in Wynaad and adjoining parts of the Nilgiri District.

With reference to your D.O. letter No. C.L.O. 408/42-43 dated the 16th instant on the subject, I write to inform you that Game Sanctuary and Game Preserve adjoin the area and entry of troops into the area would lead to disturbance and scaring away of game which is specially protected. This zone is frequently used by Royal party and on such occasions we have even to suspend all forest operations in the area. I feel the Palace will also have to be consulted in the matter before an acquiescence to the proposal is given.
